	\$13,113 18

Disbursements.

Pauper bills	\$ 271 41
Abatements	73 66
Highways and bridges	3,915 34
Town and school district officers	381 75
Schools and school purposes	2,950 14
Town liquor agency	747 25

State tax	1,005 00
County tax	1,237 89
Library trustees	110 30
Taxes bid off for town	230 48
Miscellaneous bills	579 34
Cash on hand Feb. 15th, 1898	73 12
	\$13,113 18

The selectmen have given written orders for all the above payments.

Of the highway bills there was about \$2,000.00 used directly to repair the damage caused by the freshet of last July.

The town was obliged to hire \$1,500.00 in April to use during the summer, but this has since been paid.

In the summer the town hired \$3,000.00 giving two notes of \$1,500.00 each, running to Nelson Bailey, cashier, one payable in one year, and one in two years at four per cent. interest payable annually; this money was used for highway bills, and for paying the note given in April.

Abatements are for non-resident persons, over-taxation, water troughs, etc.

Indebtedness.

Coupons outstanding	\$ 10 00
Orders outstanding	89 90
Town notes	3,000 00
	\$3,099 90

Assets.

Due from real estate bid off by town	\$ 215 14
Due from John G. Marston, collector	1,935 46
Due from county	144 95
Due from Boston & Maine railroad	22 50
Cash	73 12
Indebtedness over assets. Feb. 15th. 1898, not counting amount due from Fall River Paper Co.	708 73
	\$3,099 90

The town has paid \$917 for repairs on Swiftwater bridge, and Bungy road. This damage was largely caused by the Fall Mountain Paper Co., logs at the time of the July freshet; therefore, the Fall Mountain Paper Co. ought to be holden for this amount. They have been given legal notice as required by law of their liability for this sum, and it is expected they will pay it, although no definite agreement has been made yet.

Of course there should be some allowance made for abatements from the amount due from collector, as there are usually some given.

Trust Funds.

The town has in its possession three legacies which it holds in trust. The Hutchins legacy consists of three bonds of \$500 each. They are invested so that the town receives four per cent. interest from them. The Hibbard legacy of \$1,000, and the Simonds legacy of \$500 the town has used, and given notes for these sums running to the town treasurer, and the town pays four per cent. interest on them. It was done in this way so as to carry out the conditions of the wills.

All of which is respectfully submitted.

HARRY H. HALL, Treasurer.

I hereby certify that I have examined the accounts of the selectmen, collector, and treasurer for the year ending February 15th, 1898, and find them properly vouched and correctly cast, and the foregoing report is in accordance therewith.

C. C. FOSTER, Auditor.

Bath, N. H., February 15, 1898.

Auditor's Report.

The Auditor of the town of Bath, having carefully examined the accounts of the treasurer, selectmen, tax collector and library trustees, respectfully submits the report of the disbursements in detail for the year ending February 15, 1898.

The treasurer's books show the total receipts of the year to be \$13,113.18.

Total amount of orders given, as per order book, \$13,075.11.

The following was dictated by the selectmen:

“Bills caused by flood. We believe if nothing out of the ordinary had occurred, that \$1,200 would have kept your roads in as good repair as they have usually been in.

“But after spending about \$2,000, which is entirely distinct and separate from the ordinary expenses, you must add the ext a cost which naturally comes from the large washouts, which we have had in the past year. In comparing your expenses with the adjoining towns, on account of the above mentioned washouts, we think you should feel very much pleased that the bills are as small as they are, although they are large enough as it is.

“The cost of repairing the road and stone work at Wilson bridge on Bunga road of \$110.06, and on Bunga road near Cross meadow of \$404, should be paid by the Fall Mountain Paper Co., also the cost of repairing Swiftwater bridge of \$402.94. We have no doubt but what they will do so, as it was caused by their logs.”

Total expenditure	<u>\$156 65</u>
Balance in hands of trustees	\$11 34

The balance in hands of trustees will be paid out in books and other supplies, as soon as we can make up the list.

There has been 209 volumes added this year, making 797 volumes now in the library. There are 25 volumes of these that were counted in last year's report, but were put in this year, (after February 25, 1897.)

Of these books, the Young People's Dramatic Club gave 46 volumes, State, 3 volumes, and 160 volumes furnished by the town.

The circulation is steadily increasing each year. The whole number of books taken out of the library for the year was 2,132 volumes, against 1,612 last year.

The largest number taken out any one week was 58 volumes, and the least number any week was 26. The average number each week was 41.

The distributing agency at Swiftwater had a very good circulation, better than last year. Agency is still at H. F. Deming's store.

The library in Bath village is at the dwelling house of C. W. Clark. Mrs. Angie Clark is the librarian.

The books have been well used, and are in good condition. We had 11 volumes rebound last summer, and there are a few more to be rebound. Our last order of books are about all of the late books, so our library is "up-to date."

We have made arrangements with the State Librarian, so that our town's people can take books out of the Concord State

Library, by each one paying the expense of getting books to and from Concord. We have a catalogue of the State Library in our library room.

We would recommend that the town vote to raise \$50.00 to buy books with this coming year. We have a nice little library started now of seven hundred and ninety-seven volumes. This has all grown since November 25th, 1893, by the tax payers generosity, with the aid of the Young People's Dramatic club of Bath. We have a library now, so let's keep it growing. You will never miss the money that is raised, for it only amounts to a very little to each tax payer, but it means so much to the library. What better cause is there to work for, than a good moral library to educate your boys and girls?

All of which is respectfully submitted.
